Waterville Township Police

Chief Bonnie L. Hearndon

The Waterville Township Police Department is a professional, full service department of nine fully sworn officers. We are committed to the Community Oriented Policing philosophy and need your partnership and assistance to keep Waterville Township safe and secure. Our Volunteer Staff consists of two township residents who assist with clerical and vehicle maintenance operations.

Traffic Enforcement

Our police department has a highly visible road patrol that uses moving and stationary radar as well as laser speed detection. Enforcement of traffic laws is a routine part of our patrols on our township, county and state roads. Additionally, our department participates in area wide campaigns such as "Circle Toledo" "What's Holding You Back" and "You Drink & Drive You Lose". We encourage our citizens to contact us with other specific traffic concerns.

Home Security

Each shift our patrol officers visually or physically check the security of township businesses. Home owners can receive this same service while you are out of town. Call our office to speak with an officer

or visit the Home Security link. There, you can print a form and mail it to our office.

The D.A.R.E. Program

The D.A.R.E. program is presented by uniformed police officers whose training and experience gives them the background needed to answer young students' questions about drugs and crime. D.A.R.E. provides interaction with students of all grade levels through designated programs and an approved curriculum that gives students the skills necessary to resist drug experimentation. Waterville Township's D.A.R.E. Program began working with the Anthony Wayne Local School District in 1985.

Patrolman Kate Hartle was appointed and trained as a D.A.R.E. officer in 2002. She currently visits K-4 classrooms and instructs the nine week 5th grade curriculum. Throughout the season you will see Officer Hartle at numerous community events. To request a visit please call 419-877-9130.
